SUMMARY

Full-Stack Web Developer certified from UCLA Extension's Coding Bootcamp with a B.A. degree in Biochemistry & Molecular Biology. Developed new skills in HTML, CSS, Javascript, React.js, Node.js, and responsive web designs to build user-friendly applications and in Sequelize, MySQL, NoSQL, and RESTful API calls to handle back-end databases. Enthusiastic to be a challenge-driven, life-long learner as new skills are acquired after every code.

TECHNICAL SKILLS

HTML, CSS, Bootstrap/Bulma, Javascript, jQuery, Node.js, AJAX, Axios, REST API, MySQL, MongoDB, Sequelize, Express.js, React, Heroku, Github

PROJECTS

MedBuddy | ongoing project | https://github.com/jamieluong03/MedBuddy-project
- Back-end developer designing the medLog, medRoutine, and user models and API routes for both the server-side and client-side in a group of four
- A medication reminder app that helps users organize their medication intake that is saved in their account.
- Technologies used: HTML/CSS, Bootstrap, Javascript, Node.js, Express.js, Sequelize, RESTful APIs, React.js, AJAX

Recipedia | https://warm-shore-77309.herokuapp.com | https://github.com/jamieluong03/Recipedia
- Back-end developer designing the recipe/ingredient models and API/html routes, while also finding a randomized food-joke API to accompany the app. Front-end developer determining how to display the recipes according to their cuisine type in the "View Recipes" tab.
- A shared online cookbook where inventive chefs can upload new creations while checking out existing recipes from others
- Technologies used: HTML, Bulma/CSS, Javascript, Node.js, Express.js, MySQL, REST APIs, AJAX,

Music Space | https://jamieluong03.github.io/Music-Space/ | https://github.com/jamieluong03/Music-Space
- Back-end developer searching for the right APIs that will grab specific artist information needed for the app and determining how to display that information.
- A music space for those who are interested in the latest updates regarding their favorite artists.
- Technologies used: HTML, Bulma/CSS, Javascript, jQuery, APIs, AJAX

WORK EXPERIENCES

Special Dental Care, San Gabriel, CA   December 2018 – August 2019
Dental Front Office/Dental Assistant

Utilized four-handed dentistry and proactive thinking when assisting the dentist in preventative, minor restorative, and major restorative procedures. Communicated with patients, while scheduling/confirming appointments, and with insurances, while preparing dental claims/preauthorizations.

Key Accomplishments:
- Quickly learned and adapted to every patient's case depending on their jaws/teeth alignment for x-rays and successfully prep for their dental procedure as each case differs in difficulty
- Worked independently to take x-rays and eventually became comfortable with full-mouth x-rays to work more efficiently for each patient

EDUCATION

UCLA Extension/Trilogy Education Services, Los Angeles, CA   September 2019 – December 2019
- Certificate from Full Stack Web Development Bootcamp

Cornell University, Ithaca, NY   August 2017 – May 2018
- Division of Nutritional Sciences: Post-Baccalaureate Certificate Program in Health Studies

Yonsei University, Seoul, Korea   August 2014 – December 2014
- Study abroad program with a focus in East Asian religion and culture and the Korean language and history

Franklin & Marshall College, Lancaster, PA   August 2012 – May 2016
- B.A. in Biochemistry and Molecular Biology (Minor: Area Studies – China)
